

Laptop, Tablet, Notebook or PDA Benefit

This benefit allows you to salary package the cost of a laptop, tablet, notebook or PDA, that you must use primarily for work purposes.

By salary packaging the cost of your device, you could pay for the incurred costs using your pre-tax salary, thereby reducing your taxable income and potentially saving you on income tax.

Additionally, you could save the GST on your device cost because input tax credits for the GST portion may be claimable by your employer.

A salary sacrifice arrangement for these devices is an exempt fringe benefit where certain conditions are met and is therefore not subject to any additional Fringe Benefit Tax (FBT).

Program Conditions:

Your device must be purchased with the intention that you primarily use it for work purposes, and you can only generally claim one device per FBT year (1 April through 31 March, each year).

You cannot additionally claim a tax deduction for the depreciation of the device.

Please check your employer's salary packaging policy to confirm your eligibility for this offering.
