

# sgfleet Mobile App

## Keep track of your vehicle with the **sgfleet** app

**sgfleet** has created a mobile app that makes it easy to accurately track, manage and record information about your **sgfleet** vehicles, anywhere, anytime.

The streamlined interface makes the **sgfleet** mobile app easy to use and the new features enable the convenient monitoring and recording of vehicle data.

**Fleetintelligence**  
View all of your package data on demand via your personal web portal

**Find My Car**  
Use your mobile device's native map and GPS capabilities to pinpoint your car's exact location

**FBT Planner**  
Keep track of your kilometres in line with FBT requirements

**Logbook**  
Record every kilometre travelled for work and easily calculate percentages for business use

**Service Locator**  
Find a specific service provider for your vehicle make in your area

Want to get started now?

For more information on the **sgfleet** app, contact **sgfleet** on **1300 138 235** or visit **www.sgfleet.com**
